**On the CSPT conference that took place on 18. October 2008 in Jezerčica there were series of lectures and professional meeting. Among other things there was talk about the moonlighting in physiotherapy (more information can be found on CSPT forum [www.hzf.hr](http://www.hzf.hr)). The moderators were Željko Cipčić and Tonči Šitić.**

**Quite heated discussion did not bring to any concrete conclusions but it started the cover one of the problems that is becoming more frequent. A readiness to solve this problem was shown.**
